**Treasurer Report:** \$128,555

**Secretary Report:** Pete advised I should remove the portable toilet before Thanksgiving weekend.

#### **Director Reports:**

**Boys Director:** For make-up games; Need original game date and time. Division #, age and flight # and new game date and time. If you are having a problem getting game rescheduled, let Lew know.

**Girls Director:** If you want to reschedule your Dec 1 game, get it to Jay as soon as you can.

**Micro/Rec Director:** Rick asked if coaches can make sure they send out the sponsorship information.

**Field Coordinator:** Good communication with the town. We will get dirt and the town will seed the infield for us. Once the fields aren't saturated, A/E will have dirt and seed spread on them. This will give us a lot more practice space with lights.

For practices, if you are the first practice, try to move the nets back to the sides where they belong. Restakes or Craig will try to get sandbags. Try to keep players off the middle of the fields, especially on A.

Looking for an email chain to volunteer to move goals, line fields as needed.

Corner flags: if you are the first game on a Saturday, grab the flags from the bin behind the shed and place the flags on your field. On Sunday, if you are the last game on the field, please take them in and place them in the bin.

Lew advised that there is mulch in the goals on field E.

Craig asked if you see people in the park using the fields and they didn't request use of the field, either contact Craig to contact the Ranger.

Tournament Director: 80 teams registered. Better than last year at this time. Cinnaminson is ahead of us this year, which Pete attributes to the Barons. WD has no Barons teams attending. Need 80 more teams to register within the next 2 weeks.

Pete is going to hire a trainer and would like to use a golf cart. Pete may ask a neighbor for use of a golf cart.

Field set up day Nov 17<sup>th</sup>. Need 2 volunteers from each team. 8am at the park. Pete needs keys for lacrosse shed to get the nets.

Re: Lights: Pete spoke to Keith Lamb and the lights will be replaced within the next few weeks and Craig wants to make sure that the angle will be changed.
