Will not be going to Riverwinds in the spring. Jay advised that intramurals are allowed to have trainers. Question from Coach: Can a HS Student be used as a trainer? They may need to get kidsafe form and background check.

Working on getting 170 teams.

Team Photo tentatively scheduled for 3 weeks- around October 17. Nancy will finalize this week.

### **Old Business:**

Coaches Guide: Craig Wicken progressing on coaching guide (WD Soccer Player Development). Also, Craig offered to have interested coaches come to his Fury 2007 team practice to watch drills and discuss his practice plan. Rick will also send that invitation out to the micro coaches. Craig prefers to have all coaches there at the same practice and he will have his team demonstrate. Craig will identify a Tue/Thursday and see what response we get from coaches and they can coordinate through Kerry Petrillo.

Fields: Nancy asking the coaches for the last games on Sunday to pull in the corner flags. Nancy went over agenda items re: fields.

Pete Schultes advised what he is getting priced out for lighting for the fields (also on the agenda). Didn't get enough Board votes to purchase bulbs, so we need to vote at the Executive Meeting.

Will advertise the companies doing the work order to save some \$.

Restrooms: Kerry will check with the board to see when we want to get restrooms removed for October meeting.

Coaches asked if there was ever a Turf Field option discussed.

Brian Newshel asked if we ever settled combining funds for tournament and training. Secretary and Registrar's understanding is that it's a one-off and coaches in need of extra funds in the spring should ask the board for the funds.

Nancy advised coaches in attendance that we are considering having the field and equipment coordinator position split into 2. Nancy also looking for a fundraising trustee.

Brian Mcceever may have Army/Navy soccer tickets at Union Stadium.
